

IIS “Vittorio Alfieri” - Asti

18 ottobre 2022
IIS Majorana - Grugliasco

Inclusive education

Inclusive education means real learning opportunities for students who have traditionally been excluded.

Our inclusive system value the unique contributions students of all backgrounds bring to the classroom and allow diverse groups to grow side by side, to the benefit of everyone.

Inclusive education at IIS Alfieri

Our school aims at implementing the right to education, providing learners with equal learning opportunities.

We take into account social, cultural and learning diversities and we work to identify and remove barriers to learning and participation in education.

Inclusive education at Istituto Vittorio Alfieri

- ◆ Counselling service
- ◆ Students with disabilities
- ◆ Anti-bullying hub school
- ◆ Parents and family participation
- ◆ Italian courses for foreign students

Counselling service

School counselling is not a therapy session but a moment of individual consult conducted by a registered psychologist who provides specialist advice and support for adolescence problems.

Counselling service

The counselling service is free and active during school time.

Students can book an appointment either by email or using the online form or with the help of their teachers.

School counselling is conducted according to the method of the psychological interview: students are guided to analyze their problems and understand their personal experiences. The interview lasts a maximum of 60 minutes.

Students with disabilities

Students with disabilities are actively involved in extra-curricular projects concerning Fine Arts, Graphics and Design.

Our students take part in local and national art competitions.

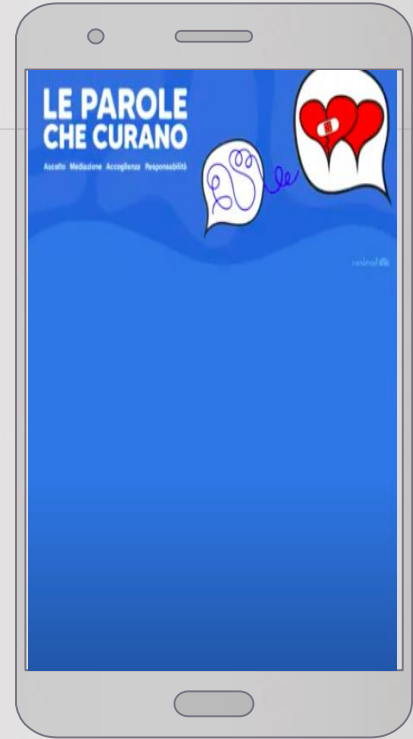

Anti-bullying hub school

- ◆ Dedicated website
- ◆ Gender equality
